SUMMARY

Estimated Average Burden Hours Per Response 246

This document provides the Report Definition for FCC Report 43-02, the ARMIS USOA Report and lists the company level USOA data which must be provided annually. Mid-sized ILECs as defined by Section 32.9000, are relieved from filing this report.

The ARMIS USOA Report contains the following tables:

All monetary figures must be rounded to the nearest thousand dollars. All percentage amounts and ratios must be rounded to 2 decimal places. Service life must be rounded to 1 decimal place. Unless otherwise indicated, account balances must reflect the operations as of the end of the reporting period (December 31, 20XX).

Items which need not be reported because they do not apply are designated by N/A. DO NOT override N/As. If a reporting carrier should wish to apply data to a field containing an N/A, the carrier should enter the data and an explanation as a footnote to the field. The data must not be entered in an N/A'd field. All other fields must be populated. If there are no data applicable to an open field, enter zero.

When errata occur, carriers must include in the transmittal letter a brief statement indicating the reason for the errata. Other explanatory notes must be included in the footnote section of the filing.

NOTICE: The ARMIS USOA Report collects the operating results of the carrier's total activities for every account in the USOA, as specified in Part 32 of the Commission's Rules. The ARMIS USOA Report specifies information requirements in a consistent format and is essential to the FCC to monitor revenue requirements, rate of return, jurisdictional separations and access charges. Your response is mandatory.

The public reporting for this collection of information is estimated to average 246 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0395), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND YOUR RESPONSE TO THIS ADDRESS.

Remember - You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0395.
